B. PERFORMING ARTS 表演藝術 : English

Presentation skills – taught at an early age – can build confidence in public speaking.

Fun and inspiring stories by popular authors provide plenty of opportunities for students to present in the English language and practice using correct syntax and grammar.

Older students will graduate to a more challenging course which focuses on interview training and mastering presentation skills.

Course Provider

The Open Classroom Limited (www.theopenclassroom.com.hk) was founded in 2000 with the aim to foster the love of learning. Since inception, we have been helping students with English literacy skills and primary school interviews.

Fine motor skills are important for school and daily life activities, including a child's ability to eat, write legibly, use a computer, turn pages in a book and perform personal care tasks.

We have selected play-based and creative courses so students can have fun while refining their fine motor skills. As students' control, coordination and dexterity improve, they develop confidence in their own ability, self-esteem and independence.

Draw & Paint 繪畫班 | PN to K3

Based on well-known artists (Van Gogh, Picasso, Andy Warhol), this workshop educates children about each artist's background, their unique style and famous artworks. Based on a selection of masterpieces, children will learn about color palette, brush strokes, techniques and produce their own original work reflecting the inspiration drawn from each artist.

Funny Playdough 黏土班 | PN to K3

A fun class that promotes imagination and creativity while developing children's fine motor skills, preparing their finger muscles for writing, drawing, and more complex daily tasks. Complementing the school curriculum, the playdough class will cover monthly topics from space to animals to transportation.

K2 & K3 will add presentation skills where students will introduce their work.

All in ONE 美藝創作

導師Ms Chau介紹

自幼熱愛繪畫及藝術設計，有商業設計、西方藝術高等文憑，先後任職插圖師、繪畫導師，油畫作品曾入選2015年台灣大墩美展，擅長繪畫及黏土等各種手工藝，有多年教導學生的經驗，希望小朋友能通過輕鬆愉快的課堂學習成長。

K1

學習目的: 通過黏土、立體與平面創作結合成有學生個人特色的作品，運用揉捏壓拍塗畫等動作增加趣味，培養學生動手能力、提升手眼協調。

K2-K3

學習目的: 學習構圖、選色配搭、簡單混色漸變、場景設計，透過嘗試不同種類的顏料媒介了解自己，在堂與堂之間加插黏土的技巧，助學生理解立體構造，提升對學習的熱情及喜愛。
